In accordance with the spirit of acquisition reform and the provisions of the Administrative Dispute Resolution Act as implemented by FAR, it is hereby agreed by the parties to use every means available to avoid formal litigation in the event of a dispute arising from or related to this contract. In order to resolve any such dispute with the expenditure of minimal time and expense the parties agree to first attempt to resolve their differences through normal contracting procedures by negotiating in good faith at the lowest administrative level. In the event negotiation does not produce the intended result, the parties will enter into alternative dispute resolution in a procedure to be jointly agreed to upon the conclusion of those negotiations. The record of such proceeding shall be kept in confidence in the event the normal litigation process becomes unavoidable
